

2024 ASTW Awards for Excellence - Judges

Held annually since 1992, the ASTW Awards for Excellence is a celebration of our members' achievements in writing, photography, videography and communications.

Judging forms an integral part of the awards process. We greatly appreciate the following people who kindly donated their time, energy and expertise to be part of our esteemed 2024 ASTW Awards for Excellence judging panel.

Each category was judged by three independent judges, however in accordance with the terms and conditions, the specific category they judged remains confidential.

Judges are listed in alphabetical order.

Please note this year due to illness / family issues etc, several judges kindly covered two categories. However, it needs to be stated, no judge scored any story more than once.
